PHP, Laravel, HTML, CSS, JavaScript, n8n, AI Automation, C#, Tailwind CSS, Livewire, Alpine.js, MySQL, MariaDB, Visual Studio Code, Java, Unity, NetBeans, XAMPP, Jira, Canva, Cisco Packet Tracer, PC Networking, Basic Troubleshooting, Microsoft Office, Adobe Photoshop, Adobe Illustrator

SOFT SKILLS

Adaptive, Problem solver, Critical thinking, Fast learner, Accountable, Good communicator, Responsible, Attention to detail, Self-aware

STUDENT PROJECTS/SYSTEMS

LBDSS (Capstone project) **January 2025 - November 2025**

- Developed a web-based barangay management system using Laravel, MySQL, Tailwind CSS, Alpine.js, and Livewire to streamline document issuance and job referral services.
- Implemented request workflows for Cedula, Barangay Clearance, and Certificate of Indigency, including approval, rejection, and completion processes.
- Developed a job referral module that allows companies to post job opportunities and residents to submit applications, with admin-managed approval and application tracking workflows.
- Integrated activity logging, file uploads, role-based access control, and automated form validation to improve administrative efficiency.

Lead Management Workflow Automation **October 2026**

- Developed an automated lead management workflow using n8n to process and organize incoming lead information.
- Used JavaScript Code nodes and n8n expressions to transform data.
- Integrated Google Sheets for structured lead storage and tracking.
- Implemented data validation, duplicate detection, and error handling.

ADORSYS **February 2025 - May 2025**

- Developed a web-based canteen ordering system using PHP, JavaScript, HTML, CSS, and MySQL.
- Implemented menu browsing, order management, and transaction tracking features to simplify food ordering processes.
- Designed responsive interfaces to improve user experience across desktop and mobile devices.

YourKofi **October 2024 - December 2024**

- Developed an e-commerce website for a coffee shop using PHP, JavaScript, HTML, CSS, and MySQL.
- Implemented product catalog, shopping cart, and order management functionality.
- Designed responsive interfaces to enhance customer browsing and purchasing experience.
